DR. H. W. BURWELL ASSUMES PULPIT JANUARY FIRST

Pastor, Called to First Presbyterian, Secures Release in New Orleans.

Congregation Unite With Him Before Presbytery.

BRIEF SKETCH OF CAREER.

Word was received this morning from New Orleans to the effect that the congregation of the Napoleon Avenue Presbyterian church has united with the Rev. H. W. Burwell in a petition to the New Orleans presbytery to sever the relations between Dr. Burwell and that church, so that he may accept the call to the First church in Paducah. The presbytery will meet tomorrow.

Dr. Burwell had expected to assume the pastorate here about the middle of this month, but the only condition on which his congregation at New Orleans would unite with him, was that he should remain there until January 1. He has asked the session of the First church to agree to this, and the elders stated today that they will. In the meantime the manse is being remodeled and completely overhauled for Dr. Burwell's occupancy.

Dr. Burwell was born in Virginia and when he was but a small child his father removed to Georgia, where he grew to manhood. His college degree was taken at Emory college, Oxford, Georgia, where he graduated an A. B. in 1887. The three years of his seminary course were spent in the theological seminary at Columbia, S. C. His first charge was in Sanford, Fla., but on account of failing health this was short. He removed next to South Carolina and labored in that field for a little more than ten years. During this time he was married to Miss Mary E. Anderson. From South Carolina he removed to Augusta, Georgia, as pastor of the Greene Street Presbyterian church; thence to New Orleans where for the last five years he has been pastor of the Napoleon Avenue church.

Marriage Licenses.

Could be certainly busy during the month of November, and many hearts fell victims to his darts. It was one of the largest months of the year, as 64 marriage licenses were issued at the county clerk's office. Of the number 45 were to white couples while 19 were issued to colored people. A number of the couples were from Illinois.

CHARITY SHOWER ON FRIDAY AFTERNOON

Paducah citizens will have an opportunity to acquaint themselves with the plans of the Charity organization Friday afternoon, when the charity shower will be held at the club headquarters, 214 South Seventh street, from 3 to 5 o'clock. There will be music and refreshments for all who attend, and they will be made welcome. The shower will consist of every sort of article that will help make the poor comfortable this winter. It is the formal opening of the "rest" room.

IOWA CITY HAS FIRE AND LITTLE INSURANCE

Creston, Ia., Dec. 1.—Fire this morning destroyed the Temple Grand Opera House and the Masonic Temple. The losses are estimated at \$50,000. The fire started from spontaneous combustion of coal in the cellar. The entire town turned out to fight the flames. Bucket brigades and the regular fire department had difficulty in preventing its spread to a group of frame buildings. There was a high wind and if they had started, the town would have been doomed. There were several narrow escapes when the walls fell. Two members of bucket brigade were suffocated, and had to be carried out by comrades, and revived. There was \$13,000 insurance total on both buildings.

Arms and Ammunition Are Being Smuggled From Sympathizers in States to Nicaraguan Insurgents

Secret Service Men Find Boat on Gulf Laden With Strange Boxes—Zelaya Sustains Heavy Defeat in Battle.

LORDS VOTE

Resolution Carries to Submit Issue to the People in the Next Election.

Galveston, Tex., Dec. 1.—That large shipments are being made from the United States to Nicaragua was learned today upon overhauling a large schooner in the Gulf of Mexico 50 miles off the Texas coast. Secret service men from the immigration department, looking for Chinese being smuggled into the United States, were cruising the gulf when they happened on the schooner. Officials boarded to look for Chinese. The hold was filled with boxes marked with the letters "N. C." and "N. C." and was bound from Mobile to Vera Cruz. A member of the crew was sick and was taken ashore by the officials. After he landed he declared the boxes contained 150 cases of cartridges consigned to the revolutionists in Nicaragua. He says they were shipped from a point in Louisiana and would be transferred to an other boat on the Mexican coast and sent to Nicaragua.

Zelaya Is Defeated.

New Orleans, Dec. 1.—Dispatches from Bluefields says Zelaya suffered a crushing defeat at Las Salinas near Rama, and lost more than 100 dead. The revolutionists are commanded by General Matamoros. Large forces are engaged on both sides. The rebels are fighting from cover. The rumor that Zelaya will resign has been revived.

Fruit Canned Trouble.

Rivalry between two fruit companies and the alleged favoritism of Zelaya for one is said to be the immediate cause of the revolution in Nicaragua, according to private dispatches here today. The United Fruit company operated years on the eastern coast from the port of New Orleans. The Nicaraguan Fruit company operated along the Pacific coast from Yoroito. It was recently formed and Zelaya is said to have granted concessions to the latter, giving it advantages over the United. The concessions are said to have created resentment along the eastern coast, where the fruit business was threatened. It forms an important part of the commerce of Nicaragua. This and other concessions, causing unequal commercial conditions through out the country, caused great ill-feeling among the better classes of the republic, and added to the discontent of the lower classes.

Wilhelmina Heard From.

Word was received here today that the schooner Wilhelmina, about which there was considerable anxiety, reached Bluefields safely and New Orleans members of the crew bound home aboard the steamer Victor. It is said the Wilhelmina landed a big cargo of supplies for the revolutionists. The cargo was taken out of here before it was known the neutrality laws would be enforced. It is said 17 cannon, furnished by a local foundry, 150 drums of gasoline and 150 kegs, filled "unions," supposed to contain ammunition and a variety of stores were sent on the schooner.

PADUCAH IS GOOD HEALTH RESORT

HEALTH OFFICER SIGHTS IS WORKING ON HIS MORTALITY REPORT.

Paducah is a veritable health resort, according to the monthly report the city health officer is preparing to present before the board of health next Saturday. Deaths for November are 12 white and 13 colored. This is less than one a day and is the lowest since Paducah's health department has been at work.

The total number of births for last month was 31. Ten were white males, five white females, six colored males and ten colored females.

The report will embrace the slaughter houses in the city that fail to comply with the regulations. During December an investigation will be made of every dairy supplying milk to the city.

The report will mention all property owners who have failed to connect with the sewers in district No. 1. Sewer Inspector A. Franke is compiling a list of the residents who have not connected and these will be turned over to the health officer and warrants issued at once.

Mr. Robert Reeves left this morning on a business trip to Louisville.

LORDS VOTE

LARGE MAJORITY AGAINST LIBERAL BUDGET.

Resolution Carries to Submit Issue to the People in the Next Election.

London, Dec. 1.—In the sedate, detached manner characteristic of the proceedings in the gilded chamber, and in direct disregard of the advice of some of its ablest and oldest members, such as Rosebery, Morley, Lord James of Hereford, Lord Cromer, Lord Balfour of Burleigh, the earl of Lytton, Lord Courtney and the archbishops of Canterbury and York, the house of lords today created a situation unprecedented in English history, at least in 300 years, by refusing formal assent to the budget bill, and referring it to the country itself for judgment, hereby, in theory, making it illegal to collect taxes and carry on the king's government.

After six days of debate notable for the high standard of the oratory, as well as for the noble and convincing arguments for and against the budget, and placing in every possible light all the aspects of the great constitutional questions involved, the house of lords cleared for division at 11:30 o'clock last night. The scene was impressive, but in no sense exciting, except that the house was packed to its utmost capacity and a great array of strange faces were seen on the benches owing to the presence of numbers of peers who only appear in the house in most exceptional cases.

Few Cheers Heard.

None would have supposed that the proceeding was destined not only to prove memorable in the annals of British history, but possibly also to involve far-reaching changes in the British constitution. There certainly was unusual animation in the public galleries, which were crowded with members of the house of commons, ambassadors and others, but in the house itself complete calm prevailed. There was none of that sense of excitement or exuberant enthusiasm so distinctive of a similar occasion in the lower house.

The vote was on Lord Lansdowne's amendment that the house was not justified in giving its consent to the bill until it had been submitted to the judgment of the country. Nearly fifteen minutes were occupied in clearing the house, the tellers for the division being Earl Walgrave, Viscount Churchill, Baron Denman and Lord Colerbrooke.

When the vote was announced, just before midnight, as 350 to 75 in favor of the amendment, a few mixed cheers were heard.

LOGGER KILLED BY FALLING TREE

HESTER GRUBER DIES SEVERAL HOURS AFTER ACCIDENT AT ST. JOHN'S.

Chester Gruber, a popular logger employed at the saw mill of W. A. Thompson at Leader, Ky., near St. Johns, was struck by a falling tree yesterday morning at 8 o'clock and died last night at 6. He was driving a four-horse logging wagon through the woods when the back trucks struck a tree, knocking it on him and crushing him. Dr. Stevenson, of Mayfield, and Dr. Thomas, of Folsomdale, arrived to perform an operation, but he died before it could be performed. Mr. Gruber was an industrious and popular man and leaves a large number of friends in McCracken and Ballard counties. He was 34 years old, and was survived by a wife and seven children. He also leaves four brothers-in-law of the Folsomdale neighborhood. The funeral was held this afternoon. The burial was in the Liberty grave yard.

VALUABLE DOG WAS THIS BY REASON OF ACCIDENT

A small ordinary dog not over six inches in height became a valuable possession yesterday afternoon when the pup swallowed a diamond, weighing two carats, and valued at \$500. The pup was in the jewelry store of Nagel & Meyer and Mr. Harry Meyer dropped the stone on the floor. Before he could pick it up the playful pup bounced upon it, and made it the first course of his dinner. An operation was performed and the stone recovered.

PRIMARY CALLED FOR NOMINATION OF CONGRESSMAN

Ollie James Will Have No Opposition in the First District.

February 18 Date Set For Closing Entries.

PRIMARY TO BE HELD MARCH 5.

A primary for March 5 was called this morning by the First congressional district committee for the purpose of nominating a Democratic candidate. No opposition to Congressman Ollie M. James was heard of, and should he be the only candidate to enter, the committee will meet February 24 and declare him the nominee.

Little interest was manifested in the meeting, which was attended by the committeemen and a few politicians. The meeting was a mere matter of form, and everything pointed to the fact that Ollie James would be the nominee of the Democratic party without opposition. Congressman James was on hand at the meeting and responded with a speech in which he painted a glorious dream of Democratic success in national as well as state affairs.

Henry R. Lawrence, of Cadiz, presided over the meeting and W. A. Frost, of Graves county, was elected secretary. The committee was getting down to business when a commotion recalled that they had not been sworn and Magistrate C. W. Emery administered the oath.

M. P. Pogue, of Crittenden county, introduced the resolution that a primary be called for March 5 to select the Democratic nominee for congress. The last day for candidates to enter will be February 18, and should there only be one entry the committee will meet February 24 and declare him the nominee of the party. The resolution was adopted unanimously. W. F. Frost, of Graves county, and L. B. Owen, of Carlisle, with Chairman Lawrence were appointed a committee to receive entries.

Col. Mott Ayres suggested the name of Ollie M. James as a probable candidate for the nomination and requested a speech. Congressman James responded and made one of his jolly, optimistic Democratic speeches.

Mr. James Speaks.

He said the creator intended Kentucky for a Democratic state, and he believed that the Democrats would be successful in the next gubernatorial election by a majority of 60,000. His remarks were greeted with applause by the politicians. Ollie could see only the bright side of things, and predicted Democratic success as usual in the next presidential race.

Committeemen from the First district present were: L. B. Owen, Carlisle county; N. L. Christman, Calloway county; J. H. Stevens, Caldwell county; H. F. Pogue, Crittenden county; Mott Ayres, Fulton county; W. A. Frost, Graves county; W. F. Bradshaw, Jr., McCracken county; R. J. Doon, Lyon county; D. F. Fiser, Marshall county; H. R. Lawrence, Trigg county. The proxies of J. M. Skinner, Ballard county; Ed Walker, Hickman county, and L. Mitchell, Livingston county, were held. Others at the meeting were: Congressman James, George Wilson, candidate for speaker of the house, of Union county; Senator-elect E. M. Taylor, of Fulton; Former Representative John H. Smith, of Lyon county; J. R. Lemon, of Mayfield; C. W. Emery, Police Judge D. A. Cross, Sam Elliott, of Eddyville; Senator-elect W. V. Eaton, Jake Corbett, of Wickliffe, and Representative-elect George Reed, of Ballard county.

Elks' Program

Programs for the Elks' memorial services to be held at the Kentucky theater Sunday afternoon were received today and are being distributed. They are neatly bound with a handsome tinted cover on which is printed the head of an elk. The programs contain the names of the deceased members, the officers and committee in charge of the service.

SECOND WHITE COON IS CAPTURED BY JOE STYERS.

Joe Styers, of Oak Station, captured the mink to the white coon he brought to the city several days ago and has the animal on exhibition today. It has a beautiful skin and eyes.

Beach Hargis' Sentence of Life in Penitentiary Sustained by Court of Appeals With Two Dissenting

Judge, Barker And Nunn Thought Testimony as to Threats of Father Should Have Been Admitted.

Frankfort, Ky., Dec. 1. (Special.)

The appellate court affirmed the sentence of Beach Hargis for the murder of his father. Judge Hobson read the opinion. Judges Barker and Nunn dissenting. Judge Barker on the ground that the judge should have vacated the bench and because the testimony, showing that Jim Hargis had threatened Beach was kept out. Judge Nunn dissented on the latter ground alone.

Affirms Hickman Circuit.

The appellate court affirmed the lower court on the original and cross appeal of the City of Columbus vs. the Bank of Columbus, from Hickman county.

Professor Ross Recovers

Prof. J. T. Ross, of 1337 Monroe street, principal of the Jefferson school building, Eighth and Harrison streets, has about recovered from ptomaine poisoning, caused by eating sausage yesterday. The professor was taken violently ill after the meal.

Mayor Hannan

Ed. D. Hannan is mayor of Paducah today. Only the routine business required his attention. He will be mayor for about 10 days, during Mayor Smith's absence.

Riverside Hospital Staff

The staff of Riverside hospital for the month of December and January was announced today. The staff list: Surgeon, Dr. J. T. Reddick and Dr. P. H. Stewart; medical, Dr. Vernon Rhyne and Dr. L. E. Young; obstetrics, Dr. W. C. Eubanks; genito-urinary, Dr. W. J. Hays; eye, nose and throat, Dr. H. G. Reynolds.

MAY PERMIT RACE TRACK GAMBLING

HOTEL MEN PREPARE PETITION FOR RETURN OF OLD-TIME ROOMMAKING.

New Orleans, Dec. 1.—A movement which is generally expected to result in the repeal of the anti-race track gambling laws and reopening of the four big Louisiana tracks, started here and today petitions are being circulated, which will be submitted to the state legislature in May. Hotel men are said to be back of the scheme. Six men are circulating a petition today, endeavoring to get the signatures of some of the most prominent men in the state to head the list and it is believed there will be at least 25,000 names on the petition before it reaches the legislature.

Dip Rags in Blood of Guillotined Wretch

Loire, France, Dec. 1.—The most horrible scene since the revolution attended the guillotining of Ribot, the "bandit murderer," today, and as the result advocates of private executions have a new argument. Crowds began gathering before midnight. A cordon of troops was placed around the grounds and the guillotine. Efforts were made to drive the crowd beyond the confines of the prison square, but failed. When the procession, headed by the prison warden, two priests and the condemned, appeared, every available space about the guillotine was jammed with an angry, jeering mob, alternately hissing and cheering. When the heavy knife flashed down the

groove and severed the head of the unfortunate victim, a jet of blood squirted over the front rank of the crowd and drenched the priests standing a few feet away.

The sight threw the crowd into a frenzy. A mad assault on the soldiers was made by spectators, desiring to dip their handkerchiefs and bits of clothing in the blood to take away as souvenirs. It was some time before the troops controlled the situation and removed the body.

Jailer Moving In

County Jailer-elect Henry Houser is removing from his home in the county near Maxon Mills to Sixth and Clark streets, which is opposite the county jail. Mr. Houser will take charge of the jail January 1.

RESCUE MISSION BENEFIT PERFORMANCE TONIGHT.

Knott's Floating Palace showboat will give an entertainment of moving pictures and illustrated songs with piano, violin and graphophone music under the auspices of the Union Rescue Mission beginning at 7 o'clock tonight at the foot of Elizabeth street and mouth of Island creek.

KEIR-BROOM.

Cameron, W. Va., Dec. 1.—C. S. Schuster, an oil shooter, was blown to atoms and every window in Cameron was broken and houses were loosened from their foundations when a nitro-glycerin magazine of the Marietta Torpedo company, a half mile east of here, blew up today. Schuster's team of horses and wagon also were blown to bits. One of the horse's shoes fell in the center of the town. The wagon tongue was found over a mile from the scene of the explosion. The cause probably never will be known. All showing the existence of the magazine is a hole fifteen feet deep. Reports from Washington, Pa., 25 miles away, say the shock of the explosion was felt there.

PIERCE TRIES TO ESCAPE CHARGES

SAYS HE WAS EXEMPT FROM PUNISHMENT UNDER LAWS OF MISSOURI.

Austin, Tex., Dec. 1.—Attorneys for Pierce today entered a plea of special immunity from charges of perjury, on which he is tried. The plea says the indictment was founded on testimony which he was forced to give in Missouri because he was an officer of the oil company. The laws of Missouri specifically say persons so testifying shall be exempt from prosecution for any matter about which they testified.

City Finances.

Following is the monthly report of City Auditor Alex Kirkland and Treasurer George Walters for November, showing the standing of the city finances:

Balance Nov. 1	\$22,371.54
Collections	14,560.89
Total	\$36,932.43
Disbursements	20,620.20

Balance Dec. 1, 16,302.23

Burial Permits.

Twenty-four burial permits were issued during the month of November by City Clerk Maurice McIntyre. Fifteen were for white people and nine for colored.

CITY CLERK MCINTIRE JUST MISSES BRICK

City Clerk Maurice McIntyre had a narrow escape from injury this morning about 9 o'clock while opening the door of his office vault. A brick falling from the top of the new third story on the city hall plunged through the plastering into his office almost directly over the clerk's head. The brick glanced and struck the brim of Mr. McIntyre's derby, knocking it from his head.

Following were the permits issued last month: Mrs. Woolfolk, frame addition at 408 Washington street, cost \$500; Mrs. Ella McClure, frame addition on Washington between Tenth and Eleventh streets, \$500; Mrs. Ella Chase, frame at 427 South Second street, \$25; J. W. Lockwood, brick (two buildings) on Kentucky avenue between Third and Fourth streets, \$500; L. Leake, frame addition on Sixth between Jackson and Adams streets, \$400; Mrs. Ella Chase, frame on Second between Adams and Clark streets, \$25; C. F. Yates, barn at 137 Farley place, \$65.

Fire Department

November was an average month with the fire ladders. During the month 35 fire alarms were answered. Only in a few cases did the loss amount to over a hundred dollars. The majority of the runs were for forest fires. Probably the most serious was last night at the residence of Hon. John K. Hendrick. The loss for the month will be about \$4,500.

W. L. D. Stamps.

November was a good month in point of revenue for the government in the sale of cigar, cigarette and liquor stamps. T. N. Hazell, deputy stamp collector, collected \$11,257.35 during the month and 383 wholesale liquor dealers' stamps were issued.

I. C. Hospital.

November was a healthy month with the railroad employees, and the number of accidents was reduced materially. The report of the Illinois Central railroad hospital is: Patients November 1, 21; admitted during month, 32; deaths, 1; patients December 1, 16.

RAILROADS BUSY DURING MONTH OF NOVEMBER, 1909

Local Shops, Yard Crews and the Freight Offices Are Rushed Constantly

Police Gather in Many Gamblers in Raids.

REPORTS FROM DEPARTMENTS.

Freight business was never heavier in Paducah in years than it is at present. In fact the corps of clerks in the freight offices are worked hard to keep track of the movement of cars. The increase in the freight business was gradual until a few months ago, and since it has been growing by leaps and bounds.

An average day's business with the Illinois Central railroad is the movement of 60 freight trains. About half of these handle the business south of Paducah while 30 trains are on the northern division. Each train will average about 2,000 tons and the movement of the 60 trains means that 120,000 tons of freight are moved in Paducah every day by the Illinois Central railroad. The Nashville, Chattanooga & St. Louis railroad is also busy moving freight trains.

It was rumored yesterday afternoon that a cut was to be made in the abutment force, but there was nothing to substantiate the statement. The railroad is calling for cars and equipment, owing to the heavy business, and it is certain the present force will be retained until sufficient equipment is on hand to care for the freight.

Police Department.

The police department enjoyed a fair business during November, the number of arrests totaling 193. Arrests for gaming exceeded those for any previous month this year by a big margin, while breach of the peace and drunkenness charges were well up with the average. Following is a summary: Petit larceny, 14; breach of peace, 49; drunkenness, 40; flourishing a pistol, 1; fugitive from justice, 1; malicious shooting, 3; adultery, 3; vagrancy, 11; drunk and disorderly, 3; disorderly house, 2; carrying concealed a deadly weapon, 4; immoralities, 8; grand larceny, 1; gaming, 28; indecent exposure, 1; suffering gaming, 2; disposing of mortgaged property, 1; malicious cutting, 1; breach of ordinance, 11; murder, 1; disorderly conduct, 1.

Building Permits.

Permits for buildings, entailing a cost of \$2,015, were issued by City Engineer L. A. Washington last month. The operations during this month will be pushed steadily along, evidencing a building boom in the city for the past three months. Improvements are being made in all parts of the city at present while the end of December will usher in additional improvements, including the largest in the city's history, the ten-story building of the City National bank at Fourth street and Broadway.

Following were the permits issued last month: Mrs. Woolfolk, frame addition at 408 Washington street, cost \$500; Mrs. Ella McClure, frame addition on Washington between Tenth and Eleventh streets, \$500; Mrs. Ella Chase, frame at 427 South Second street, \$25; J. W. Lockwood, brick (two buildings) on Kentucky avenue between Third and Fourth streets, \$500; L. A PLEASANT WAY TO CURE CATARRH.

Poor deluded victims!
Continually sprinkling and spraying and stomach dosing.
What are you doing it for?
Trying to kill the catarrh germs?
Might just as well try to kill a cat with fresh milk.
Sticking a piece of chewing gum in the upper left hand corner of the right ear would slaughter just as many germs.
You can't kill the germs that cause catarrh unless you get where they are.

You can get where the germs are by breathing Hyomel, the powerful yet soothing antiseptic, which is prepared especially to kill catarrh germs. Just breathe it in, that's all. It is guaranteed by Gilbert's drug store to cure catarrh, or money back.

It is sold by leading druggists everywhere. A complete outfit, including Inhaler, costs \$1.00. Extra bottles, 50c. Cures sore throat, coughs and colds.

"I take especial pride in recommending Hyomel to asthmatic sufferers, as I know by experience that it is a remedy that cures. I have not since using Hyomel had any recurrence of asthma."—Mrs. Wm. Hurston, Owosso, Mich., June 22, 1909.

M-IONA Cures Indigestion

It relieves stomach misery, sour stomach, belching, and cures all stomach disorders or money back. Large box of tablets 50 cents. Druggists in all towns.

LIBERIAN TASTE

FANCY VEST, GAUDY TIES AND SHINING SHOES.

Commissioners' Apparel Appeals to Citizens of African Republic.

Washington, Dec. 1. (United Press.)—The American commission to Liberia accomplished one thing of advantage to this country, at least. Since the distinguished Americans visited the African republic, there has been a great demand for waistcoats of the pattern worn by Emmett J. Scott, of Alabama, one of the commissioners and secretary to Booker T. Washington.

Scott's fancy vests carried a peculiar appeal to his colored brothers in far away Africa and consular reports state that fancy vests from America are eagerly sought in Liberia.

Shirts like those worn by Commissioner George Hale, of Georgia, can be sold in Liberia for ten times their value in America and the cravats that adorned the bosom of Commissioner Roland Post Fallner, of Pennsylvania, are regarded as highly as precious stones.

The effect has been to strike an average of the clothes worn by the three and to secure a tout ensemble composed of the most striking articles in each commissioner's wardrobe.

"The recent visit of the American commissioners has opened a new chapter in the history of the country," says a report to the state department from Charge d'Affaires George W. Bills. "The demand for American goods has received a new impetus." So great has been this demand, continues the report, that many European merchants have placed orders for goods in Europe made in imitation of American merchandise. When an American ship arrives at Monrovia the local merchants rush frantically to purchase the cargo for fear that they will be driven out of business if they allow rivals to secure the American stuff.

Bills says that the profits are very tempting and that with better transportation facilities, America could control the market in most lines.

REHATING TO BE PROHIB

Federal Grand Jury at Louisville Summons for Investigation.
Louisville, Ky., Dec. 1.—Federal Judge Evans convened a special grand jury in the United States court today to investigate certain alleged violations of the interstate commerce regulations by railroads and shippers. Judge Evans gave the jury special instructions as to the violations that are alleged to have been committed and paid particular attention to retaliating.

MORE LAYMEN AT SECOND MEETING

THE REV. G. T. SULLIVAN SPEAKS TO THEM.

Tonight the Rev. W. E. Bourquin will Address Them at Grace Church.

WILL CLOSE FRIDAY NIGHT

More men attended the laymen's meeting at Grace church last night than were present the night before. Last night Dr. T. Sullivan, pastor of Broadway Methodist church, spoke. He preached on the call of the layman, his duties, the opportunity, the time and the method. He said the world is ready and the season propitious. His talk was inspiring and his argument convincing.

Tonight Dr. W. E. Bourquin, pastor of the German Evangelical church will speak to the laymen in Grace church parish house. Thursday night Dr. E. H. Landis, pastor of the Kentucky Avenue Presbyterian, will speak. Friday night the Rev. E. C. McAllister, pastor of the Good Shepherd House, will speak, closing the series of meetings.

The scripture lesson for today is: John xiv, 13, 14, xv, 16, 17, xvi, 23, 24. It is not to use Christ's name as a charm with God; but that we may rise up to our dignity as members of Christ. To ask in Christ's name is to ask with Christ's authority for what He would ask. John v, 14.

The prayer that He sanctions, is the prayer that inspires. So we pray in the Holy Spirit (John 14, Rom. viii, 26).

Let us pray for the missionary work of the church at home and abroad.

For an increase of missionary zeal throughout Christendom.

For all engaged in missionary work, teachers, doctors, nurses and others, as well as ministers.

Large heartedness.

Recognition of God's manifold wisdom in dealing with various peoples.

Witness in life and temper to Christian standards and Christian grace.

A spirit of entire self-sacrifice.

Women Who Are Envious.

These attractive women who are lovely in face, form and temper are the envy of many, who might be like them. A weak, sickly woman with nervous and irritable, constipation or kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. For all such, Electric Bitters work wonders. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion. Many charming women owe their health and beauty to them. 50c at all druggists.

DEFECTIVE FLUE

CAUSES FIRE AT RESIDENCE OF JOHN K. HENDRICK.

About \$700 Damage Done to Furniture in Extinguishing the Blaze.

As the result of a defective flue the residence of Judge John K. Hendrick was damaged by fire last night about 8:30 o'clock. The fire broke out in the attic and damaged the roof, but the throwing of the water was the greatest damage as it soaked all of the household goods. The damage will amount to about \$700, covered by insurance.

The firemen did fast work in stopping the blaze as the residence is two-story, and the fire was at the top of the roof, and it was difficult to light. Two streams of water were thrown on the blaze and it was extinguished. Those companies, Nos. 2 and 3, and truck company, No. 4, responded to the alarm.

The Salvation Army grew out of the establishment of a mission in the east end of London by Gen. Booth in 1865.

We cordially invite the ladies of Paducah and vicinity to visit our Ready-to-Wear Department on Thursday and Friday to view the largest and finest collection of Furs ever exhibited in this city. A representative of our fur manufacturer will be here with his sample line, including over seventy-five thousand dollars' worth of fine Furs, Muffs, Scarfs, Coats. Every desirable quality will be shown, and only the richest skins. We will sell you direct from his line. Pick your furs out and take them right home with you. And another thing, buying these two days you will save quite a little, for should we have to buy outright we could not afford to name the

prices on these furs as we will these two days. Whether you wish to buy or not we want you to see this display, for it is truly worth your time to have the opportunity to view this gorgeous richness of Furs. Should you not wish them until Xmas we will reserve until then—anyway, come down, you are cordially invited.

Daily Thought.

"It's simply a matter of nerve and will
That carries a man up the hardest hill."

Henry Watterson wasn't truckling to anybody's fancy in his latest editorial on the political situation.

Since John D. Rockefeller appropriated a million dollars with which to fight the book-worm things have gone against him. There is something mysterious about a bookworm.

Charley Taft is heading a syndicate to buy the Philadelphia Nationals. Why don't the insurgents or the reactionaries accuse the president of playing "fan" just to boost his brother's game.

The fact that a Mt. Carmel, Ill., man bought a carload of live mules at 19 cents a pound is significant, compared with the report of the secretary of agriculture that beef is selling around sixteen cents. Mules are too expensive for the Chicago packing houses to handle.

Both Secretary of the Interior Ballinger and Chief Forester Pinchot declare that it is up to congress to decide whether the water power of the United States is to be preserved for the benefit of the public, or whether the future source of electric energy is to be given over to private enterprises without any consideration. We cannot see wherein the two gentlemen disagree.

APPEAL TO THE COUNTRY.

The house of lords hedged cleverly on the British budget bill. They opposed it, chiefly because it would tax their uncultivated estates, which comprise something like a tenth of England, but the proposition which they supported was to the effect that the budget proposals are so revolutionary that they would not be justified in voting on it, until it had been submitted to the country. That, of course, means a popular election, at which they stand a chance of defeating the liberal ministry, and it puts off the final day of reckoning.

If the lords had deliberately defeated the budget the ministry could have appealed to the country for the abolishment of the house of lords on the ground that the hereditary body was opposing the welfare and rights of the commons. Now the election will proceed without involving the perpetuity of the house of lords in the issues.

The ministry can find no fault with the action of the lords. No party can object to submitting its policies to a popular vote. Indeed, in this case, the ministry has been desirous of an issue on which to go before the country, and this ought to be a popular one.

PRINCIPLES AND PARTIES.

Someone asked us to declare our political principles. So we will recite them. "We hold these truths to be self-evident, that all men are created equal; that they are endowed by their creator with certain unalienable rights; that among these are life, liberty and the pursuit of happiness; that to secure these rights governments are established among men."

We hold that government is not an end in itself, but a means to an end, and that the principle enunciated in the declaration of independence is not an allegation of an existing condition in this country, but our guiding star in all legislation and governmental policies and the light by which the constitution must be interpreted.

A political principle, like every other principle, must be a fundamental truth that never changes or is modified under any circumstances. Under that definition undying party loyalty becomes an absurdity. Free trade and protective tariff are not principles. They are expedients, liable to change at any time. Men, who sincerely and logically favored high tariff on many products ten years ago, may desire that those same products be imported free, now, or under a low tariff rate. Men, who prate about free trade, really desire a tariff for revenue, or a high rate on some favorite product. As government is but a means to the end that the "unalienable rights" of man may be secured, so parties are but instruments for the expression

of the will of the majority, to be used and then discarded when their utility is exhausted.

The absurdity of "party loyalty" is that men stick to the party name, which their fathers wore, and vote against the very things for which their fathers voted under the same party device. If you don't believe it, read the platforms of the two great political parties for the last forty years. Stick to the party, which for the moment assumes a logical relation to the issues of the day and offers the most efficient administration of governmental functions. In the fullness of time, if that party fails of virility, a new man and a new party will be furnished us to lead us toward the ultimate goal.

TAFT COMPLETES FINANCE MESSAGE

PANAMA-BOND SITUATION GONE OVER AT LENGTH.

Working Balance in the Treasury Amounts to \$20,533,080—Interest and Revenue Receipts.

ENGAGES CABINET ATTENTION

Washington, Dec. 1.—The financial portion of the president's message has been completed. It was taken up at some length at the session of the cabinet. The Panama canal bond situation and other features engaged close attention.

The figures show a working balance in the treasury of \$20,533,080, though the total balance in the general fund, which includes this working balance in the treasury offices, the balance in banks and in the treasury of the Philippine islands and other details, is placed at \$82,079,472.

The excess of all disbursements over receipts is \$252,717, but the excess of all disbursements over all receipts so far this fiscal year is only \$11,295,956, as against \$94,772,399 for the same period in the previous fiscal year.

Revenue Hoarding.
The internal revenue receipts are booming. Upwards of \$25,000,000 for the current fiscal year is expected from the corporation tax, and the estimates for the various departments of the government have been heavily cut.

As to the Panama bonds mentioned in the discussion, there are \$290,589,000 of these bonds authorized but not yet issued.

The sum of \$97,069,619 represents the balance expended out of the general fund of the treasury reimbursable from proceeds of bonds not yet sold. While existing laws authorize \$375,200,980 in Panama bonds, only \$81,631,980 have ever been issued.

SOME STORIES AROUND TOWN

If you see a stray roan mare walk up to a billboard, stop several minutes and then trot on until she reaches another don't think the animal is crazy. It has more sense than some people are credited with having and is just making a "round" of the boards by force of custom. The animal is "Nellie," the billboard horse, owned by Mr. Will Pitterback, and her picture appeared in the billboard theatrical paper several weeks ago. This morning, when Mr. Pitterback went to the stable he found the horse had broken out and a search for it this morning failed to bring results. Once before the animal got away and made a round to every billboard in the city before it was caught. She draws the bill poster wagon every day and having fallen in the clutches of the habit she can't quit.

When some superstitious person scratched on the number "113" on the wall of Tom Reid's horse at a Missouri town he hoodooed the horse, according to Mr. Reid. The horse won a \$1,000 race at that town, but lost at the next. Thirteen has been his lucky number. When Mr. Reid sold Sam Patch at Anna, Ill., Friday, August 13, and bought his ticket home he found that Paducah was the thirteenth station on the line from Anna. That set him to thinking about the number, and he found that he had won thirteen races with the horse.

MORE FACTS

BROUGHT TO LIGHT IN SCOTT MURDER CASE.

Scott and Wiggins Were Rivals for the Affections of the Same Woman Police Say.

Police, after looking over the records, have brought to light more facts in the murder of Walter Scott, colored, by John Wiggins, colored.

September 16 at 1 o'clock in the morning Patrolmen Whitmore and Huntington arrested Martha Christian and Albert Scott at Second and Kentucky avenue for engaging in a fight. The woman, who is Maude Christian, gave her name as Christian, while Scott was known either as Albert or Walter Scott. It is presumed they fought after quarrelling over John Wiggins, a rival of Scott's. In police court the woman was fined \$20 and worked every day of the fine. In the midst of his sentence his father died and the police permitted him to attend the funeral. Scott returned the next day and served the rest of his sentence.

Wiggins and the woman had quarrelled after she was tried in court and it is said she refused to allow him to see her, meeting Scott instead.

Friday afternoon shortly before the killing, Wiggins went to Charles Fleck's gunshop across the street from the Illinois saloon, where he worked as porter, and secured a pistol. The Christian woman has refused to talk about the crime.

—The Ladies' Furnishing Society of the First Christian church will hold a Christmas bazaar at Geo. O. Hart & Sons Friday and Saturday, December 3 and 4.

Mr. I. N. Trimble, cashier of the First bank, of Wickliffe, was in the city today on business.

JOHN H. SUGG

CONFEDERATE VETERAN AND BELIEVER IN EDUCATION.

Life of Well Known Hickman County Citizen, Who Died Last Friday.

Concerning John H. Sugg, who died last Friday at Clinton, the Clinton Gazette says:

"Mr. Sugg was born August 25, 1844, in Dickson county, Tenn., where he grew to manhood. At the age of 16 he enlisted in the Confederate army, going to the front with the 11th Tennessee regiment. He was second lieutenant of his company when captured and sent to the military prison at Rock Island, from which he was released at the close of the war. He returned to his home in Hickman county then and remained until 1870 or 1871 when he moved into this county and for several years taught school in Hickman and Ballard counties, after which he took up farming to which he devoted the remaining years of his life.

"He was married twice and leaves one daughter as the only child of his first union, namely, Miss Susy Sugg, of Centerville, Tenn. His second wife was a Miss Webb, of this county, and she survives him with the three sons, and one young daughter, Frances May.

Mr. Sugg is also survived by one sister, Mrs. J. W. Ensey, of Dickson, Tenn.

"Mr. Sugg was particularly blessed in his sons, to each of whom he gave a good education. Mr. Sugg was a firm believer in education, recognizing in it the safest capital he could endow his sons with. They have not disappointed him in putting to good use what he gave them for each of them has already laid the foundation for a successful life. Prof. W. H. FOR SHOPS

NEW FORCE OF ENGINEERS AND SURVEYORS HAS ARRIVED.

It Is Believed That Practical Work Has Actually Begun.

Metropolis, Ill., Dec. 1.—A crew of seven men arrived from Chicago and are engaged in surveying the 40 acre tract of land just north of the city, purchased by the Burlington, ostensibly for railroad shops. Mr. E. Pursons has charge of the crew.

From the information that can be gathered from various sources it is known that this crew will make extensive surveys about Metropolis and across the river where the approaches to the new bridge will be located.

Following are the names of the engineering corps: E. Pursons, W. Reemly, C. A. Melville, Powell, Randall and Freeman.

New Pastor in Prospect.

The Rev. Dr. Jeffries, of Springfield, occupied the pulpit at the Presbyterian church morning and evening yesterday and preached two excellent sermons. The principal object of Dr. Jeffries' visit here is to confer with the church officials with regard to locating a pastor here. Plans are making to that effect and within the very near future a resident pastor will be installed.—Tribune.

FRIENDLY SUIT

INSTITUTED TO TEST RIGHT TO RETIRE BONDS.

Mr. Flin E. Lack, a director of the Citizens' Savings bank, which holds some of the bonds of a certain issue, excepted in the resolution of the city sinking fund commissioners to purchase outstanding bonds with the money in the sinking fund, filed suit in the circuit court against James P. Smith, mayor; Ed D. Hannan, president of the board of Aldermen; Al M. Foreman, president of the board of councilmen; George W. Whittier, city treasurer; Morris McIntyre, city clerk; and Alex. Kirkland, city auditor, for a temporary restraining order from doing things and also that the defendants be perpetually enjoined from entering into effect the order made by them or of applying the sinking fund to the purchase of bonds of the city, except that portion of the fund as each bond issue should have the sinking fund provided therefor upon a pro rata basis of the total sinking fund of the city.

This is a friendly suit arranged at the suggestion of the city solicitor to test the right of the sinking fund commissioners to apply the fund in this manner to the retirement of outstanding bonds.

IN SOCIAL CIRCLES

David-Tush Wedding at Smithland.

Mrs. Charles C. Grassham, accompanied by her daughter, Miss Pauline Grassham left this morning for Smithland to attend the marriage of her brother, Mr. F. M. Tush, to Miss Lou Davis, which will take place there tomorrow.

Miss Davis is an attractive young woman and the daughter of Judge J. M. Davis, of the Livingston circuit court. Mr. Tush is an influential young business man and is cashier of the First State bank at Smithland.

Out-of-Town Wedding of Local Interest.

Friends in Paducah have received invitations to the marriage of Miss Emma Elizabeth Shemwell, of Hildesville, and Mr. Norburn R. Farris, of Salem, Ky., to take place on December 8 at the home of the bride's parents, Dr. and Mrs. F. A. Shemwell. The announcement of their engagement was made some time ago. Miss Shemwell is a lovely young woman and one of the prominent families of that section, while the groom is a popular druggist at Salem. Both are widely known in Paducah. After their marriage they will make their home at Salem.

New York Sportsmen and Capitalists on Kentucky Hunt.

A party composed of Harry Payne Whitney, New Haven, Conn.; Will Norton and Mr. Turner, of New York, are the guests of Dr. Arthur McCormack, of Bowling Green, for an extended hunt in Kentucky. They have with them a number of fine bird dogs and anticipate much quail shooting. Dr. McCormack is well known in Paducah, having spent some weeks here during the Kentucky State Guards encampment several summers ago. Mr. Norton is the eldest son of the late Eckstein Norton, of New York, formerly a citizen of Paducah, and is a cousin of Mrs. Arthur McCormack, who was Miss Marie Tyler, of Hopkinsville. Harry Payne Whitney has been much in the public eye of late as a referee of the Peary-Cook north pole controversy.

Pretty Card Party for Visiting Girl.

Mrs. Guy Martin's enquire on Tuesday afternoon in her apartments in the Buckner flats was a pretty honor event to her attractive guest, Miss Louise Harrison, of Clarksville.

There were five tables of guests. The game prize and the lone-hand prize were taken by Miss Elsie Hodge and Mrs. Harry Singleton. The guest of honor was presented with a prize. The white and pink was prettily carried out in the delightful luncheon. The rooms were beautifully decorated with roses and carnations in pink and white shades.

NOT A "CURE-ALL"

Separate Remedies, Each Devised for the Treatment of a Particular Ailment.

There is no "cure-all" among the Rexall Remedies. There are different and separate medicines, each one devised for a certain human ailment or a class of ailments closely allied. For instance, Rexall Dyspepsia Tablets are recommended for the positive relief of stomach irritation, indigestion, flatulence and dyspepsia. They are rich in Bismuth-Subnitrate, Pepsin and Carminatives. They are prepared by special processes which perfect and enhance the great remedial value of these well-known medicinal agents. This remedy sells for 25 cents, 50 cents and \$1.00 per package. Every one suffering from stomach disorder should try Rexall Dyspepsia Tablets, inasmuch as they cost nothing if they do not satisfy.

Remember, W. B. McPherson, Fourth and Broadway, is the only store in Paducah where these remedies may be obtained, and every one in need of medicine is urged to investigate and take advantage of the frank and generous manner in which they are sold.

MOST PROSPEROUS ALL FARM YEARS

IS PLACE TO WHICH YEAR 1909 IS ASSIGNED.

Secretary of Agriculture Wilson Gives Statistics in His Report.

CAUSE OF THE PRICE OF MEAT.

Washington, D. C., Dec. 1.—Most prosperous of all years is the place to which 1909 is entitled in agriculture, declares the secretary of agriculture in his thirteenth annual report, made public today. The value of farm products is so incomprehensibly large that it has become merely a row of figures. For this year it is \$8,760,000,000, a gain of \$869,000,000 over 1908. The value of the products has nearly doubled in ten years. The report says, "Eleven years of agriculture, beginning with a production of \$1,117,000,000 and ending with \$8,760,000,000! A sum of \$7,643,000,000 for the period; it has paid off mortgages, it has established banks, it has made better homes, it has helped to make the farmer a citizen of the world, and it has provided him with means for improving his soil and making it more productive."

Farm Production of 1909. The most striking fact in the world's agriculture is the value of the corn crop for 1909, which is about \$1,720,000,000. It nearly equals the value of the clothing and personal adornments of 76,000,000 people, according to the census of 1900. The gold and silver coin and bullion of the United States are not of greater value. It has grown up from the soil and out of the air in 120 days—\$15,000,000 a day for one crop, nearly enough for two draughts daily for peace or war. This crop exceeds in value the average of the crops of the five preceding years by 36 per cent.

Cotton is now the second crop in value, and this year's cotton crop is easily the most valuable one to the farmer that has been produced. With cotton lint selling for about 13.7 cents on the farm November 1 and with cotton seed selling for about \$25 per ton, the lint and seed of this crop are worth about \$850,000,000 to the farmer. No cotton crop since 1873 has been sold by farmers for as high a price per pound as this one.

Third in value is wheat, worth about \$725,000,000 at the farm, and this largely exceeds all previous values. The November farm price was almost an even dollar a bushel, a price which has not been equaled since 1881. This is the third wheat crop in point of size, with 725,000,000 bushels.

The hay crop is valued at \$665,000,000; oats at \$400,000,000; potatoes at \$212,000,000; and tobacco at nearly \$100,000,000. Beet and cane sugar and molasses and sirup, from farm and factory, will reach the total of about \$95,000,000. The barley crop is worth \$88,000,000, flaxseed \$26,000,000, and 1,000,000 900 pounds of rice \$25,000,000.

The production of all cereals combined is 4,711,000,000 bushels, an amount considerably greater than that for any other year except 1906. It exceeds the average of the preceding five years by 6.5 per cent. The value of all cereals in 1909 has never been equaled in a previous year. It is almost exactly \$4,000,000,000, or 31 per cent above the five year average.

Compared with the average of the

A CORROBORATION Of Interest to Paducah Readers.

For months Paducah citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills by Paducah residents. Would these prominent people recommend a remedy that had not proven reliable? Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement? No stronger proof of merit can be had than rures that have stood the test of time. The following statement should carry conviction to the mind of every Paducah reader:

W. F. Shoemaker, 811 Tennessee street, Paducah, Ky., says: "Since publicly endorsing Doan's Kidney Pills in 1907, I have used them on a few occasions when over-exertion or a severe cold has brought on an attack of backache and they have always relieved me. When I first began using Doan's Kidney Pills my back was very lame and weak and the kidney secretions were too frequent in passage. This remedy benefited me promptly and proved to be the best kidney medicine I had ever taken. I know of many other people who have used Doan's Kidney Pills and have yet to hear of a case where the best of results were not recovered."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

previous five years, all principal crops are greater in quantity this year except cotton, flaxseed, hops and cane sugar; but without exception every crop is worth more to the farmer than the five-year average.

This is the year of highest production of potatoes, tobacco, beet sugar, all sugar, and rice; next to the highest production for corn, oats and all cereals. Compared with 1908, gains in value are found all along the line, the exceptions being barley, buckwheat, rye and milk. The increases for cotton, lint and seed, is \$208,000,000; wheat, \$107,000,000; corn, \$105,000,000; hay, \$29,000,000; oats, \$22,000,000; tobacco, \$18,000,000; potatoes, \$15,000,000.

The increases in the value of farm products this year over 1908, \$869,000,000, is enough to buy a new equipment of farm machinery for over 6,000,000 farms. The value of the cereal crops to the farmer would pay for all of the machinery, tools, and implements of the entire manufacturing industry. The value of all crops, \$5,700,000,000, would make a half payment on the value of all steam railroads, according to the valuation of 1904.

Secretary Wilson concludes his review of the production of 1909 as follows: "The agricultural production of 1909 must add much to the prosperity of farmers. The record is unexampled in wealth production and tells of abundance in quantity. Year by year the farmer is better and better prepared to provide the capital to make the expenditures needed to improve his agriculture and to educate his children for farm life and work."

Meat Prices.

Secretary Wilson has just finished a unique investigation made for the purpose of this report relating to the increase of wholesale prices of beef when sold at retail. Through employees of the bureau of animal industry inquiries were made in 50 cities—large, medium and small—in all parts of the country. A schedule was prepared to record the actual experience of retailers in buying and selling a carcass or half carcass of beef, and among the facts ascertained were the weight and wholesale cost of a certain piece of beef, usually a half carcass. Then followed the weight and retail price of every cut for which a uniform price was charged by the retail dealer. Thus it became possible not only to compare high-priced and low-priced cuts, but also to compute accurately the total retail price per pound and consumers' cost of the beef piece for which the wholesale price per pound and cost of the entire piece had been reported.

Consumer pays 38 per cent above wholesale.—For the 50 cities the total retail cost charged to customers above the wholesale cost paid by the retailers is 38 per cent. In 5 cities the rate of increase is 20 per cent or under; in 10 cities, 21 to 30 per cent; in 12 cities, 31 to 40 per cent; in 12 cities, 41 to 50 per cent, and in 11 cities, over 50 per cent.

The average retail price exceeded the average wholesale price by 31.1 per cent in the North Atlantic states; by 38 per cent in the South Atlantic; by 38 per cent in the North Central; 39.4 per cent in the Western; and the highest increase was found in the South Central states, 54 per cent.

A gross profit of 20 per cent was found in New York City and in Philadelphia, 28 per cent in Buffalo, N. Y., 36 per cent in Boston, Mass., 17 per cent in Baltimore, Md., 42 per cent in Washington, D. C., 46 per cent in Chicago, Ill., 25 per cent in Cincinnati, Ohio, 23 per cent in Omaha, Neb., 28 per cent in Kansas City, Mo., 27 and 35 per cent in Minneapolis and St. Paul, Minn., 40 per cent in Milwaukee, Wis., and Detroit, Mich., 39 per cent in St. Louis, Mo., 64 per cent in Mobile, Ala., 39 per cent in San Francisco, 24 per cent in Seattle, and 37 per cent in Denver, Col.

The lower grade of beef the greater the percentage of gross profit. In Boston, for illustration, the rate of gross profit is nearly twice as great for beef costing \$

cents at wholesale as for beef costing 11 and 11½ cents. Low-priced beef is marked up nearly twice as much relatively as high-priced beef. In other words, perhaps it is a safe inference that the poor people pay nearly twice as much profit as the well-to-do people pay.

The retailer's delivery service is costly, however, and the retail business is overdone. The multiplication of small shops is a burden to consumers and no source of riches to the small shopkeepers. When twenty or more small shops divide the retail business within an area that could be served by one large shop, the expenses of the many shops for labor, horses, rent and other things, that are in excess of what would be sufficient for the one shop, must go into the retail prices of the meat sold.

Furthermore, customers choose the higher priced cuts of meats. Steaks and roasts are the preferences, and these must have names that are regarded as respectable. Consequently one-fifth of the carcass is bought at the highest price—porterhouse steaks at prices as high as 25 and 30 cents a pound, sirloin at 20 to 25 cents, and rib roasts at 20 cents.

Prices and Supply of Meats. The ascending prices of meat suggest inquiry as to whether the prices of the farmer's beef cattle and hogs have increased at the farm in the same degree that meat has to the consumer. For the purpose of making comparisons, the mean price level of 1896-1900, a period of comparatively low prices, is adopted as a base line, represented by 100, and for each animal and commodity this price level is computed.

The farmer has failed to receive a share of higher beef prices with regard to the raw animal. The price level of two-year-old steers at the farm being regarded as 100 for 1896-1900, the price of such steers rose to 125.9 in 1909 declined to 85.5 in 1905, and rose to 100.8 in 1909, all for the date of January 1 and for prices at the farm, substantially before corn feeding had begun.

The price of corn in 1909 at the farm is represented by 218.6 compared with 100 for the price level of 1896-1900, and the price of the best native steers at the Chicago stock yards in the same year is 139.9, which is much above the "index number" for the price of the animal at the farm and much below the price of corn at the farm. The inference is that the farmer gets some return for the high priced corn that he feeds to his steers, but not a return equal to 60 cents a bushel for his corn, which is the price for the best two years. As for the unfed steer, it does not participate in the upward movement of prices in its farm value.

The wholesale prices of fresh beef carcasses have increased in about the same degree that the price of steers have at the stock yards, and the retail prices of fresh beef have kept pace with the wholesale prices.

The increasing prices of fresh beef, therefore, are due to increasing prices of animals at the stock yards, and this is explained by the abnormal circumstances to which the raising of beef animals has been subject in recent years.

There has been a breaking up of range herds consequent upon the enforcement of the "no-fence" law by the national government and by encroachments of the settlers upon the ranges, made possible by the practice of "dry farming." Not all of the cattle have gone directly from the ranges to the slaughterhouse; a great portion of them has gone to farms for maturing and finishing, largely upon corn. This extra demand on the corn crop is reflected in corn prices, which are now higher than they have been since the records of the department of agriculture began in 1866, except for 1881.

Half a dozen years of this abnormal movement of beef cattle from range to the great markets began to tell upon the supply in 1905, when the deliveries fell off in a marked degree, and the decrease continued in 1909.

The farmers' situation with regard to hogs is more fair to the farmer than the cattle situation is, but still it is apparent that during the last three years the price of corn has been too high for the price of hogs. The relative price of hogs on the

Anty Drudge Gets a Proposal.

Mr. Millions—"I want you to marry me, Anty Drudge. I am wealthy and I can make you happy."

Anty Drudge—"Let's see, Mr. Millions. You are a manufacturer of washboards and washboilers and you are interested in the coal trust, aren't you? Yes! And you wouldn't want your wife to spoil your business by talking. On the whole, I think I can find more happiness in telling women how to save themselves drudgery, save fuel and keep their health by using Fels-Naptha in lukewarm water, without boiling, than I can by marrying you. Good Day."

Horace Greeley used to say that the man who worked with his head and his hands together could do twice as much work as the man who worked only with his hands.

You women who wash clothes, think that over.

Want to make your head save your hands?

Then study the question of soap. Try Fels-Naptha in lukewarm water.

Fels-Naptha actually does the work of cleansing; doesn't leave it for you to do with hard-rubbing.

Fels-Naptha takes the dirt out without boiling. Does it better, too.

Fels-Naptha makes your washing twice as easy and takes only half the time of the old way. Not only the white clothes but the woollens, flannels, colored things.

Don't take our say-so. Try it for yourself. But be sure to get the genuine Fels-Naptha, be sure to use only lukewarm water (never hot), and be sure to follow directions on the red and green wrapper.

You won't be using your head if you don't do these things.

farm January 1, 1909, was 117.3 as compared with 100 for the mean price of 1896-1900, and the average cost of all hogs slaughtered at principal markets in the year before was 148.1, or about the same as the farm price. The price of dressed hogs of 160 pounds in New York in 1908 stands at 145.7, and the carcasses of market pigs at Chicago at 148.1, which is approximately the number representing the relative retail price of fresh pork.

In the case of hogs, therefore, the farmer has fully participated in the rising prices, whereas in the case of the farmer's cattle the unfed animals are barely as valuable as they were 9 to 11 years ago, and had not the price of corn ascended to a high figure, perhaps he would not have shared in the higher beef prices.

The foregoing conclusions are for fresh meat. The prices of cured and prepared meats have increased in much greater degree than the prices of other meat have increased, both for beef and pork. These cured meats include bacon, pickled beef, pickled pork and lard.

Within the wholesale trade, also, farm products exceed all other classes of commodities in relative increase of prices since 1896, and food is exceeded only by farm products and by lumber and building materials. The only large exception to the leading place taken by farm products in rise of prices is unfed beef cattle, the farm price of which has barely begun to rise above the price level of 1896-1900 for beef cattle.

NO MORE GRAY HAIR

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood this secret. They made and used a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Ten Doctors Said He Would Die

"In 1903 we wrote you regarding my husband, who was suffering from heart trouble. He was superannuated by the North Georgian Conference. Ten doctors at different times said he would die. You advised Dr. Miles' Heart Remedy and Restorative Nervine; we did as advised, and improvement was apparent from the very first. He recovered and the Conference in 1904 gave him a charge. He never felt better, although he has very heavy work and does a great deal of camp meeting work. I am so glad we took your advice and gave him the medicine, and feel that I ought to let you know of the wonderful good results from its use."

SWITCHMEN GO ON A STRIKE

2,300 EMPLOYEES OF 13 RAILROADS EXTENDING TWIN CITIES OUT.

Switchmen Wanted Increase of Six Cents an Hour and Double Pay for Sunday and Holiday Work.

MAKES WHEAT PRICES BULGE

St. Paul, Minn., Dec. 1.—After fifteen days of negotiations between the Switchmen's Union of North America and the joint committee of railroad managers representing thirteen railroads of the northwest, a strike involving 2,300 switchmen became effective at 6 o'clock last night. The men engaged in this strike are employed by the various railroads running west and north of St. Paul from Lake Superior to the Pacific coast and unless speedily settled will mean a serious interruption to traffic.

The first effect of the strike was a sharp bulge in the price of wheat in the Chicago grain market today. The roads entering the Twin Cities and Duluth and Superior are largely grain carriers from the west.

Last night both sides to the dispute issued statements. The railway managers committee issued the following:

Say Demands Unreasonable.

"The switchmen in the Northwest territory made simultaneous demands on thirteen railroad companies centering in the Twin Cities for double pay for Sundays, holidays and overtime; an advance of 60 cents per day of ten hours in the wages of switchmen, switch tenders, towermen, engine herders and assistant yardmasters; a modification of the rule providing for the payment of penalty in case of failure to permit switchmen to secure their meal in the middle of their shift at a stated period, which contemplates double pay in cases where it became necessary to work a portion of the meal hour and the elimination of the physical examination and the age limit placed on switchmen entering the service.

"The switchmen in no detail receded from their demands which if conceded would have entailed an additional expense upon the railroads, switching service of some forty to forty-five per cent.

"The managers' committee offered the switchmen an increase of 20 cents per day of ten hours in the rates of pay of switchmen employed in the territory west of Havre, Mont. on the Great Northern railway, and west of Billings, Mont. on the northern Pacific.

Switchmen Changed Minds.

"Further concession was declined because the rates of pay of switchmen were increased over 13 per cent. In November, 1906, and because the rates had not been reduced during the period of business depression which followed.

"The attention of the switchmen was called to the fact that in 1906 the switchmen were granted a larger percentage of increase than any other class of employees in train service. At the present rates the wages of the switchmen averaged over \$100 per month."

The statement then recites that after first declining to leave the dispute to arbitration, the switchmen changed their minds and suggested that the controversy be left with Martin A. Knapp of the interstate commerce commission and Charles P. Nell, United States commissioner of labor. Before the arbitration conference could be held, however, the switchmen again declined this form of settlement and announced their intention of striking.

Will Tie Up Traffic.

This, the railway managers assert, is a breach of faith.

Speaking for the switchmen, President Hawley said:

"We want an advance of six cents an hour in pay and the elimination of overtime and Sunday work as far as possible, and the request for double pay for overtime is the nature of a penalty more than anything else, as we want to discourage overtime. Sunday and holiday work.

"We also ask for a modification of the physical requirements and age limit rules. Examination for employment on railroads now is as rigid as those requested for service in the regular army.

"This strike will result in a tie-up of railroad traffic. From now on not a switch engine will move in the territory between head the lakes and the Pacific coast."

A Thrilling Rescue.

How Bert R. Loan, of Chevy, Wash., was saved from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid \$10 to \$15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever." LOVE FOUND WAY AS USUAL

Romantic Wedding With Child Bride Took Place at Fulton.

Fulton, Ky., Dec. 1.—A romantic wedding was solemnized here last night when Miss Bessie Olive, the fifteen-year-old daughter of Mr. and Mrs. J. H. Olive, of Hickdon, Tenn., was married to H. P. Henley, of the same community. To break up the attachment between the young people Mr. Olive sent his daughter to Fulton and placed her in school.

Mr. Henley was not to be so easily dropped, however, as he came to Fulton and secured employment in order to be near the object of his affection. He has since spent considerable time trying to get Miss Olive to consent to marry him. Last night he won her consent and at once went to Esquire Putrell's home, where the ceremony was solemnized.

The parents of the child are ready to welcome her home, as the only objection to the union was her tender age.

WON'T BE "GOAT" FOR SUGAR TRUST

ALLEGED DIBBERY METHODS TOLD OF ON STAND.

Says Pay Envelope Contained More Money Than Was Marked on the Outside.

BENDERAGEL MAY AID STATE

New York, Dec. 1.—James F. Benderagel declines to be made the "goat" by the American Sugar Refining company, the so-called trust, and if the word of his counsel is correctly interpreted, he may testify for the government before this trial, together with five erstwhile employees of the company, all charged with defrauding the government by underweighing sugar, is concluded in the United States circuit court.

This development came when a witness testified that \$15—sometimes a little more—was what employees of the American Sugar Refining company were paid to be crooked. And the man who had in some instances paid this alleged corruption money, according to the testimony, was Benderagel, one time superintendent of the company's plant in Williamsburg (Brooklyn).

Will Not Be "Goat."

In the face of this testimony, Benderagel conferred with his lawyer, George W. Beattie, who in turn made this announcement:

"Mr. Benderagel is my client. He will not be the 'goat' in this case. He was an employee, and what he did, he did under orders. He will not shield anyone."

"The idea that has gone forth that the sugar trust is putting up for his defense is wrong. The company is not contributing a cent for it. He did not receive a salary of \$20,000 per year, as has been said."

"He got a few thousands, much less than the figures given. When he takes the stand he will conceal nothing."

The evidence which brought this turn in the case was given by Andrew J. Mallon, who up to 1907 was employed in the cashier's office of the Havemeyer and Elder refinery in Williamsburg. Benderagel, he said, was in charge of the office.

Saw Cash Paid Out.

"Did you ever see Benderagel pay cash to men in the uniform of the custom house, who came to his office?" asked Winifred T. Dennison of counsel for the government.

"Yes," was the answer.

"What form was this money in?"

"It was in bank notes taken from the safe in the office. I never saw vouchers for it, nor heard of any," Mallon replied.

Mallon testified further that John R. Clyde, Edward A. Hoyle, Patrick Hennessy and Dean Voelker, weighers and checkers, among the men accused, were paid in envelopes marked \$12 for the week, that their envelopes contained \$15. Later, when the salaries of this class of men were raised to \$15, they got \$18 in their envelopes, though the regular pay for their positions was marked on the outside of the envelope at \$15.

The government sought to show that this unexplained increase in salary was a reward for manipulating the scales to show false weights on sugar.

BEE HIVE'S INTRODUCTORY SALE

Bee-Hive Store has been moved from 133 Broadway to 610 Broadway, under the SHAMROCK FLATS, and in order to introduce our new location have decided to have a cut-price sale on everything in the house, beginning

Thursday Morning, December 2, 1909, at 8 O'clock Sharp and to Continue Until Dec. 25 at 10 O'clock p. m.

And every day during this sale, you will find the Bee-Hive Store literally piled up with bargains at Greatly Reduced Prices. Our "New Bee-Hive Store" is located in one of the very best sections of the city and easy of access, as those traveling by street car, on North or South Sixth street, can get off at Sixth and Broadway and be within one-fourth of a block of our store and those coming down Broadway can have the cars stop almost at our door. Now we will not lie to you or try to deceive you by telling you that "our lease has expired" or that "we have to move," for we have just signed a lease for 12 months, but we are having this sale in order to get rid of goods and we are going to make prices low enough to induce you to stop at the Bee-Hive Store. GROCERIES, SHOES, HATS, FURNISHING GOODS AND CLOTHING are goods that everybody MUST HAVE and if you read the price list below, it will compel you to become a customer at the Bee-Hive Store. As an inducement further to convince you that we want your patronage, we are going to GIVE AWAY a gold filled watch worth \$15.00 to our customers on December 25, at 9:00 o'clock p. m. With each dollar's worth of goods bought you get a ticket. Be sure to call for them.

MAY GET NIGHT RIDER JURY

NINE JURYMEN ARE NOW IN THE BOX UNCHALLENGED.

Charges May Be Preferred Against One of Them Today—Attorneys Wrangle All Day.

THREE ACCEPTED; TWO OFF

Union City, Tenn., Dec. 1.—Three more jurors were added to the panel to try the night riders, making a total of eleven, but later in the day two were released, and others may be turned out later.

Court convened at 9:30 o'clock, after a recess of two days, and the day has been one of hard work for both the attorneys and the court.

The panel of 250 men summoned to be here were present to answer to their names, and the entire panel was exhausted, three jurors being chosen. They were L. L. Farley, A. P. Harts and G. W. Jackson, but Jackson was excused later in the day on the ground that he was a brother-in-law of H. D. Morris, who was sentenced to 20 years in the penitentiary at the January term of court.

G. H. Caudle, one of the jurors chosen the first day, was also discharged by the court on charges preferred by counsel for the state. This leaves them with but one more juror

in the box than they started with, and charges will be preferred against another of the remaining nine, it is thought, but counsel would not give out the name nor the character of the charge.

The entire proceedings since court convened over a week ago has been a wrangle between the attorneys, but this was the bitterest of any preceding day, and several times the court had to call them down, and once a personal encounter was narrowly averted between two of the attorneys in the case.

The court furnished the sheriff with another list of 200 names to have on hand. Some have given as their opinion that the jury will be completed, while some still hold that the box will never be filled.

Union Printing Co. Assigns.

E. W. Ware, manager of the Union Printing company, made an assignment yesterday afternoon in county court, naming Cecil Reed as assignee. He will take charge of the property, sell it, and then make a settlement with the creditors. It is the second time the printing company has made an assignment.

DIVORCE FRISCO ROCK ISLAND

DEAL WILL MEAN CHANGES AMONG OFFICIALS.

Winchell and Youkum Will Go to the Frisco—H. F. Mudge Goes to Rock Island.

PLANS ARE ABOUT PERFECTED.

Chicago, Dec. 1.—Plans are rapidly being perfected in New York, according to eastern dispatches, for the separation of the Rock Island-Frisco system and for the official organization of both. The slate in the case of each road has been decided upon. It has practically been arranged that H. F. Mudge, now second vice president of the Rock Island road, will succeed H. L. Winchell as president. Mr. Winchell is to follow Mr. Youkum to the Frisco and become its president, succeeding A. J. Davidson, recently resigned.

It is understood that the separation of the two systems will necessitate the retirement from the Eastern Illinois of H. I. Miller, its president. It is more than likely that Mr. Miller will have no successor unless Mr. Winchell's jurisdiction be extended to cover that road, which is the property of the Frisco. What will become of President Miller, of the Eastern Illinois, has not been determined, but it is assumed that he will be given a place in the Moore family. There is some talk of his succeeding H. F. Youkum as chairman of the executive committee of the Rock Island, with headquarters in New York.

May Abolish Position.
There is also talk of abolishing

this position and of making Mr. Miller second vice president of the Rock Island, succeeding Mr. Mudge, who is in charge of construction operations. If this is not done it is more than likely that F. O. McLeher, now general manager of the Rock Island, will be advanced to the position of vice president in charge of those departments. That the details of the reorganization are almost ready for official announcement is regarded as certain by reason of the fact that both Mr. Mudge and Mr. Miller were hastily summoned to New York today. The retirement of Mr. Miller from the presidency of the Eastern Illinois is presaged from the fact that he is a close and lifelong friend of D. G. Reid, one of the owners of the Rock Island and chairman of the board of directors of that road. As such it is hardly thought possible that he would be in harmony with the Youkum-Winchell combination.

Plans Worked Out.
It is understood that the details of the official changes have nearly all been worked out and they mean that the Rock Island will be restored to almost its original position when the Moores and D. G. Reid and W. H. Leeds secured control of it. The leading back of the Frisco by Mr. Youkum will cut the Rock Island off from any connection with the Eastern Illinois and the Evansville and Terre Haute roads and consequently from the enjoyment of a Chicago-St. Louis line.

The Eastern Illinois will undoubtedly be moved from the LaSalle terminal into its former home, the Rock Island station, as soon as the Western Indiana builds a new terminal, if not before. The divestment of the two systems will also mean the re-establishment of separate city ticket offices for both in all of their terminals. This will provide a large number of good positions which were done away with when the joint agencies of the two systems and the joint ticket offices were established.

Mr. Roy McKinney has purchased a new Reo car of the latest model.

INSIDES LIGHTED UP

With Tiny Incandescent Globe By Physicians.

Pittsburgh, Dec. 1.—Little Margaret Van Kleeck was taken back to New York by her parents after having successfully passed through a remarkable operation here.

The child, 14 months old, swallowed an open safety pin and nearly choked to death, but the pin, lodging deeper in the esophagus, permitted her after a time to breathe. The frantic parents were advised in New York that the only way the pin could be removed was by cutting, an operation that would in all probability mean death.

The parents had heard of a remarkable operation performed by Dr. Chevalier Jackson, of Pittsburgh, and brought little Margaret here. By means of the X-ray the open safety pin was located. The child was placed on the table and a tube inserted in the esophagus, being passed down until it reached the pin. Through this tube was passed a small incandescent globe, illuminating the passage to the pin.

The point of the pin lay in such a position that to remove it without first manipulating it, would have forced it into the lung. With a specially prepared instrument Dr. Jackson finally turned it in such a position that with a slender hook he caught it in the ringed end and drew it through the tube. The operation required 20 minutes.

The parents of the child were astounded when informed that the operation had not required the knife. The feat is classed as one of the most daring performed by Jackson.

BISHOP HENDRICKS DEAD.

Head of Cebu Disease Is Victim of Bowel Cholera.

Manila, Dec. 1.—Bishop T. A. Hendricks of the diocese of Cebu, died of cholera. The bishop had been gravely ill for several months, and a brother recently came here from New York in the hope of being able to take the sick man home. There have been a number of cases of cholera at Cebu recently.

To Be Forehanded is the Part of Wisdom

Purchasing Christmas gifts early is being forehanded. The early buyer escapes the rush and worry of shopping amidst crowds and confusion, and approaches the glad Yuletide with serenity and peace of mind.

Purchasing early gives you better advantages in buying. You make your selections from a complete new stock and have time and opportunity for thought and careful examination. There is also a price advantage in early purchasing.

I have already done my Christmas buying and the goods are now ready for your inspection. You will find among the many good things for Christmas here a pleasing gift for everyone to whom you intend to give. Gifts really worthy of the Christmas spirit, at prices well within your means.

Yes, There is a Santa Claus

Once a little girl wrote this letter to the editor of the New York Sun:

Dear Editor: I am 8 years old. Some of my friends say that there is no Santa Claus. Papa says: "If you see it in the Sun, it's so." Please tell me the truth. Is there a Santa Claus? VIRGINIA O. HANLON.

And the editor of the Sun, mighty man of invective and sarcasm, became "even as a little child," and wrote the following charming reply:

VIRGINIA: Your little friends are wrong. They have been affected by the skeptical age. They will not believe except they see.

Yes, Virginia, there is a Santa Claus. He exists as certainly as love and generosity and devotion exist, and you know that they abound and give to your life its highest beauty and joy. Alas, how dreary would be the world if there were no Santa Claus! It would be as dreary as if there were no Virginias. There would be no childlike faith then, no poetry, no romance to make tolerable this existence. We should have no enjoyment except in sense and sight. The eternal light with which

childhood fills the world would be extinguished.

You might get your papa to hire men to watch all the chimneys on Christmas eve to catch Santa Claus, but even if they did, not see Santa Claus coming down, what would that prove? Nobody goes Saunt 'Claus. The most real things in the world are those that neither children nor men see. Nobody can conceive or imagine all the wonders that are unseen and unseeable in this world. You may tear apart the baby's rattle and see what makes the noise inside, but there is a veil covering the unseen world which not the strongest of us ever lifted could ever tear apart. Only faith, fancy, poetry, love and romance can push aside that curtain and view the picture the eternal beauty and glory beyond. Is it all real? Ah, Virginia, in all this world there is nothing so real and so abiding.

No Santa Claus! Thank God, he lives and lives forever. A thousand years from now, Virginia—nay, ten times ten thousand years from now—he will continue to make glad the heart of childhood.

THE GREAT MAJESTIC WALKING CAKE

MAJESTIC WALKING CAKE

"Like truth, crushed to earth will rise again."

Thursday, December 2
3:30 p. m.

This wonderful cake will be baked in a MAJESTIC RANGE AIR TIGHT OVEN at our store tomorrow morning and at about 3:30 in the afternoon 25 ladies will stand on two planks 12 feet long, placed on the cake, and crush it flat. It will then rise to its natural height about 5 minutes afterwards, then be cut and served to all present. This is a fine layer cake, 6 inches high, by 17 inches by 19 inches, jelly between each layer and icing on top. The prime factor in this wonderful cake is the fact that it is baked in an Air-Tight Oven. All MAJESTIC RANGE OVENS are PERFECT AIR-TIGHT.

MENU FOR THURSDAY:

Cheese Straws Drop Cakes Sponge Drops
Lady Fingers. Jumbles At 3:30 the great Walking Cake

After the walking cake is served, Prof. Becker will mix 24 lbs. Black Fruit Cake, showing the mixing and baking thereof, not losing an ounce in the baking.
